document on behalf of himself (TONY BROWN) and NIGEL SHACKLETON who has refused to sign the Declaration/Power of Attorney.

37 C.F.R. 1.47(a) provides: "[i]f a joint inventor refuses to join in an application for patent or cannot be found or reached after diligent effort, the application may be made by the other inventor on behalf of himself or herself and the nonsigning inventor. The oath or declaration in such an application must be accompanied by a petition including proof of the pertinent facts, the fee set forth in § 1.17(h), and the last known address of the non-signing inventor.

On September 25, 2001, Applicant filed the present patent application in the U.S. Patent and Trademark Office without an oath/declaration or assignment. As can be seen from the enclosed declaration of Ms. Mariangela Sala of the Industrial Property Department of Pirelli Cavi e Sistemi S.p.A., Mr. Nigel Fishlock of Pirelli Cables Ltd., and Mr. A. Roger Healey of Pirelli General, several attempts were made to have Mr. Shackleton, the joint inventor, sign the declaration and assignment documents for this patent application so that the executed documents could be filed with the patent application or so that a response could be submitted to the Notice to File Missing Parts dated October 25, 2001. However, Mr. Shackleton never returned any executed documents and he consistently refused to provide information, including his address, in response to requests made by telephone and in writing.

Mr. Shackleton is a citizen of Great Britain and his last known address is:

NIGEL SHACKLETON

Pontnewydd

United Kingdom

Additionally, in the declaration from Mr. Nigel Fishlock, employed as Engineering Manager Cable Design at Pirelli Cables Ltd., Newport, United Kingdom, Mr. Fishlock encloses EXHIBIT K, a letter from Mr. Shackleton's solicitor, which warns against further attempts to contact Mr. Shackleton. Thus, Applicant is precluded from further attempts to contact Mr. Shackleton for assistance in this matter.

Applicant provides herewith:

- (A) A declaration signed by the available joint inventor on his own behalf as required by 37 C.F.R. 1.63 or 1.175 and also makes the declaration on behalf of the non-signing joint inventor as required by 37 C.F.R. 1.64. An oath or declaration signed by the available joint inventor with the signature block of the nonsigning inventor left blank may be treated as having been signed by all the available joint inventors on behalf of the nonsigning inventor, unless otherwise indicated. See MPEP 409.03(a).
- (B) Proof that the nonsigning inventor refuses to execute the application papers with a showing of diligent effort and attempts to solicit his cooperation.
- (C) The last known address of the nonsigning inventor.
- (D) The required petition fee of \$130.00.
- (E) The surcharge fee of \$130.00 for late filing of the Declaration.

Applicant respectfully requests that this petition under 37 C.F.R. 1.47(a) be granted and the Declaration of Mr. Tony Brown be accepted on behalf of himself and the nonsigning joint inventor.
